Client Services

January 12, 2018

At WVNET, we provide a variety of services to support the missions of our clients in higher education, K-12 schools, government and non-profit organizations. Our Development Team delivers expert web and application development consulting and support. Our Banner, Degree Works and Brightspace support teams provide expertise in the industry's leading-edge tools and Learning Management Systems.

Banner

Ellucian Banner is the world's leading higher education enterprise resource planning (ERP) system.

Learn More

Brightspace

D2L's Brightspace is a powerful learning management system (LMS), that offers a user-friendly teaching and learning experience for faculty and students.

Learn More

Degree Works

Assists students, advisors, and institutions to a common goal—on-time graduation.

Learn More

Development Team

The WVNET Development Team is a solutions-focused team of developers and designers with extensive background in web, application, content development, and project management.

This group works on new projects, but also consults with our customers on existing websites and applications. We offer support that is often outside of the customer's capability to deliver in-house.

Learn More

WV Statewide Technology Conference

WVSTC is the premier educational technology conference organized for K-12, Higher Education and State Government professionals.

Learn More

WVROCKS

WVROCKS is a collaborative effort between all West Virginia higher education institutions who offer the Regents Bachelor of Arts and Board of Governors degree.

Learn More

Teaching & Learning Commons

Providing training & documentation resources to WVNET's customers.
