

WV Office of Technology Maintenance

March 7, 2024

The State of WV Office of Technology will be performing emergency maintenance on the UPS that powers the Data Center at the Capitol Campus Building 6 Room B110. This maintenance will be performed on 07 March 2023 after 1:00 PM. While loss of power is not expected to happen, there is a potential for this to occur that may affect connectivity for some customers. [Please contact the WVNET Help Desk if you experience any issues.](#)
