June 30, 2016

The 12th annual West Virginia Statewide Technology Conference 2016 (WVSTC 2016) will be held **July 19-21, 2016**, **at The Waterfront Hotel and Morgantown Event Center in Morgantown, WV**. Registration is open for attendees and exhibitors. Early registration ends June 24. At one point in time technology imposed barriers to education, but now with expanded access and affordability, the tide has turned, and technology is actually breaking down the barriers to education. Opening keynote is **Kelly Reddin, Global Master Trainer, Lego Education**, on Tuesday, July 19th at 1:00pm. Closing keynote is **Apple, Inc**. on Thursday, July 21st at 11:00am. Pre-conference workshops are filling up quickly. Offering 123 concurrent sessions covering a wide range of topics and numerous exhibitors (exhibitor booth space is filling up quickly), you'll want to register now. Explore all the opportunities WVSTC 2016 has to offer you at the [conference website](#).
