Prices for domain names vary, but on average:

- .gov domains - \$400/year
- .edu domains - \$77/year
- .com, .org, .net, etc. domains - typically \$20 or less per year

.gov and .edu domains require documentation to verify your eligibility.

For non .gov / .edu domain names we acquire, there is a \$50 one-time surcharge.

For .gov / .edu domain names, we charge our standard consulting rate for setup.

If we manage the domain for you, there is a \$25 management fee plus domain name renewal cost for each subsequent year.
